LIGHT VERSION

Nothing but simple in design, installation operation, even in price

The world's most stylish DVR!

Designed as a stylish surveillance tool, the EZ-UDVR LT is an USB DVR with low-spec PC compatibility, robust programs and stable and easy driver installation. Using own Mpeg4 compression codec, it is optimized to be used with low-spec PC with USB1.1 for the best performance, like 30fps/4ch display & recording, dynamic IP & web-viewing support and so on. The discriminated design concept in cabinet and package will also bring on the obvious differences in its value and response from the market.

DIGITAL NETWORK SECURITY SYSTEM FOR HOME OR SHOP

DIGITAL NETWORK SECURITY SYSTEM FOR HOME OR SHOP
